

MERSD Annual District Data Review

Fall, 2023

MERSD Vision

MERSD, with the partnership and support of member communities, will provide educational opportunities and resources so that all students can realize their individual, unique, and highest potential, achieve academic excellence, value integrity and honesty, and become intellectually curious and critical thinkers.

District:

Strengths

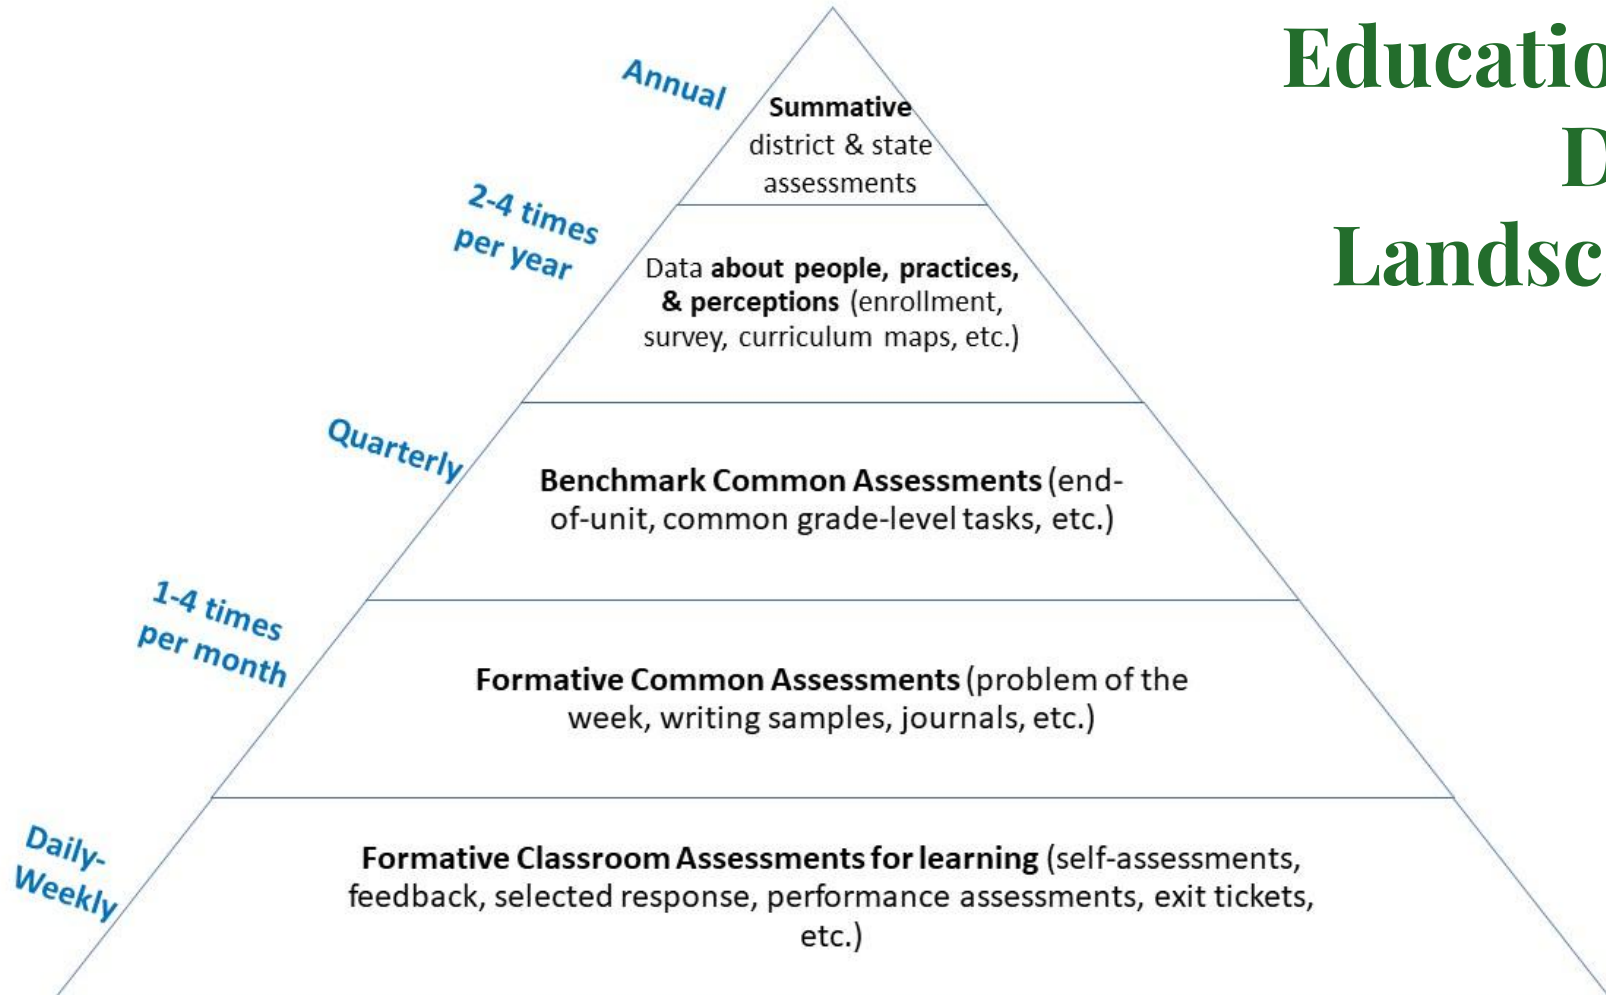

- **School Climate & Safety:
Vocal Data**
- **District Data Systems**
- **High Performing Areas &
Programs**
- **Advanced Placement
Participation & Results**

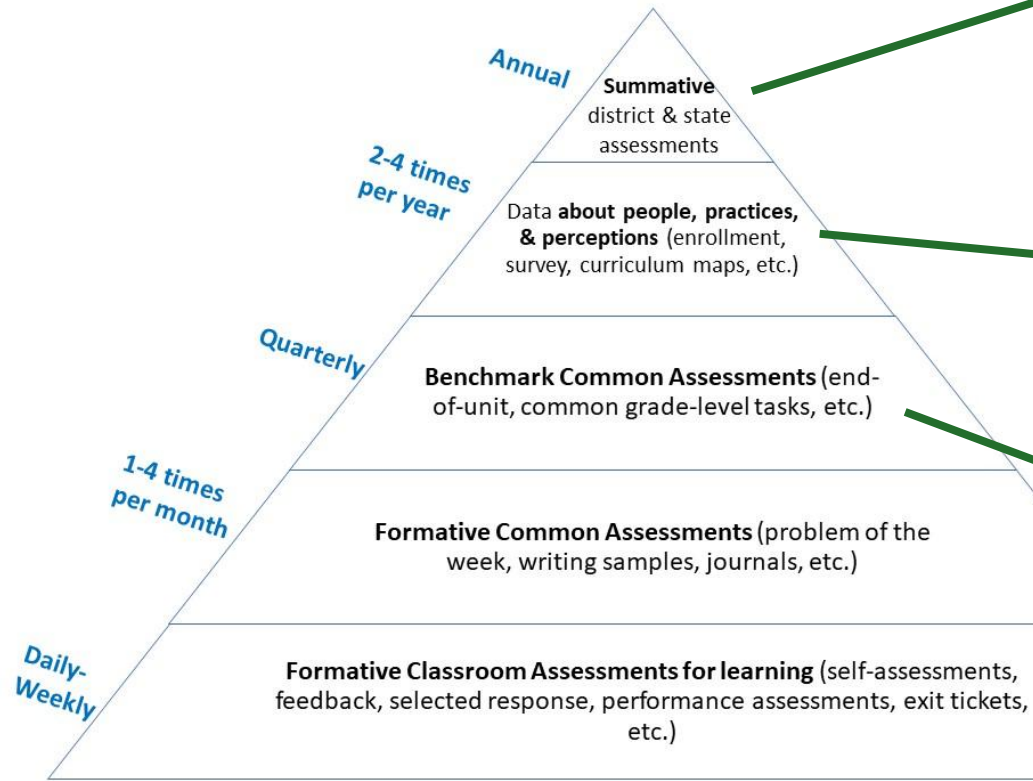

Areas for Growth

- **Effectiveness of Tier 1
Curriculum & Instruction:
Consistency & Coherence**
- **Opportunity Gap**
- **Attendance**

Educational Data Landscape

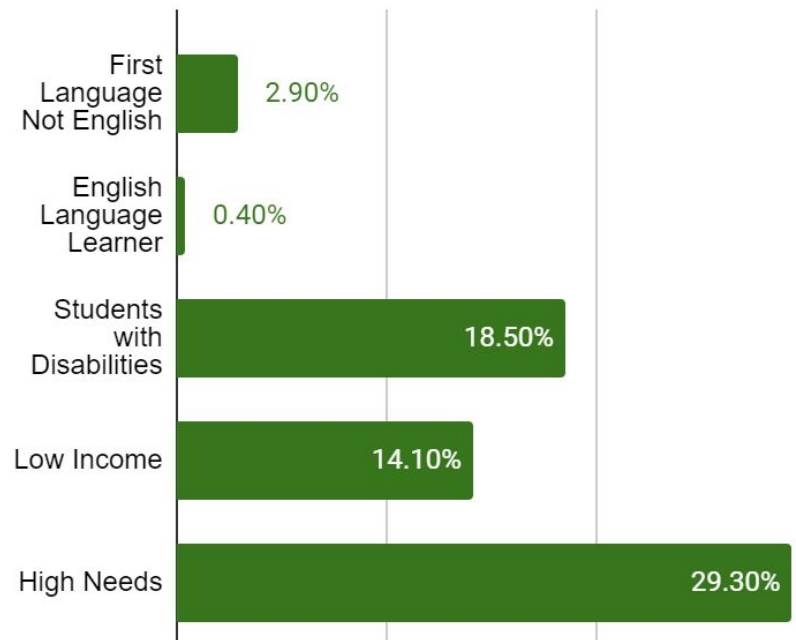

MERSD Student Population

Student Race & Ethnicity

Selected Populations

High Needs: A student is high needs if he or she is designated as either low income, EI/former EI, or a student with disabilities.

MERSD Student Population

MERSD High Needs Population

High Needs:
Students are high needs if they are designated as either low income, EI/former EI, or a student with disabilities.

Attendance

**42.9% of students
absent 10 or more days.**

*(Down from 56% during
2021-22 school year)*

**13.1% of students chronically
absent: 10% or more days.**

*(Down from 16.2% during
2021-22 school year)*

**29 students
(2.4%) chronically
absent with 20%
or more school
days**

*(down from 3% in
2021-22 school
year)*

Views of Climate and Learning (VOCAL) Data Overview

School Climate

Engagement

Safety

Environment

School Climate description	Index scaled score range
Least favorable climate	≤ 30 points
Somewhat favorable climate	31 to ≤ 50 points
Favorable climate	51 to ≤ 70 points
Most favorable climate	> 70 points

An index scaled score is a composite measure that summarizes student responses across several content-related items.

Items:

→ Item-level response data shown as a percentage of student responses “Always True” or “Mostly True”

School Climate & Safety: Vocal Data MERHS

Grade 10:

- 98%: I feel welcome to participate in extracurricular activities offered through our school, such as, school clubs or organizations, musical groups, sports teams, or student council.
- 94%: Adults working at this school treat all students respectfully, regardless of a student's race, culture, family income, religion, sex, or sexual orientation.
- 99%: My teachers promote respect among students.
- 98%: Teachers are available when I need to talk with them.
- 93%: If I tell a teacher or other adult that someone is being bullied, the teacher/adult will do something to help.

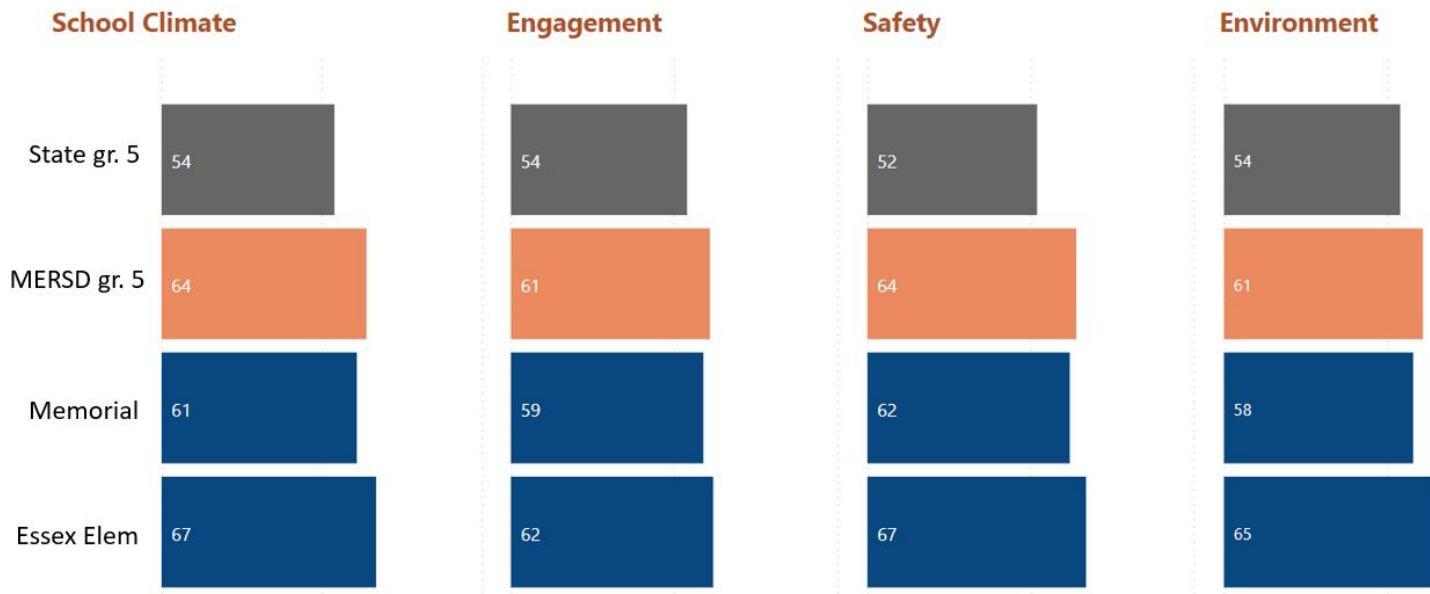

School Climate & Safety: Vocal Data MERMS

Grade 8:

- 96%: My teachers believe that all students can do well in their learning.
- 92%: My teachers are proud of me when I work hard in school.
- 95%: My teachers promote respect among students.
- 90%: If I tell a teacher or other adult that someone is being bullied, the teacher/adult will do something to help.
- 92%: Adults working at this school treat all students respectfully, regardless of a student's race, culture, family income, religion, sex, or sexual orientation.

School Climate & Safety: Vocal Data ELEMENTARY

Grade 5:

- 100%: My teachers help me succeed with my schoolwork when I need help.
- 93%: At our school, students learn to care about other students' feelings.
- 97%: Teachers, students, and the principal work together to prevent (stop) bullying.
- 97%: I feel safe at our school.
- 100%: Teachers at this school accept me for who I am.

i-Ready, K-8

Spring 2022-23

Reading

Students Assessed/Total: **648/770**

Progress to Annual Typical Growth (Median)

The median percent progress towards Typical Growth for this school is 150%. Typical Growth is the average annual growth for a student at their grade and baseline placement level.

Current Placement Distribution

Math

Students Assessed/Total: **484/770**

Progress to Annual Typical Growth (Median)

The median percent progress towards Typical Growth for this school is 109%. Typical Growth is the average annual growth for a student at their grade and baseline placement level.

Accountability

District accountability scores
have not been released since
2018-19 school year

	2023
Criterion-referenced target percentage	64%
Progress towards targets	Substantial progress toward targets

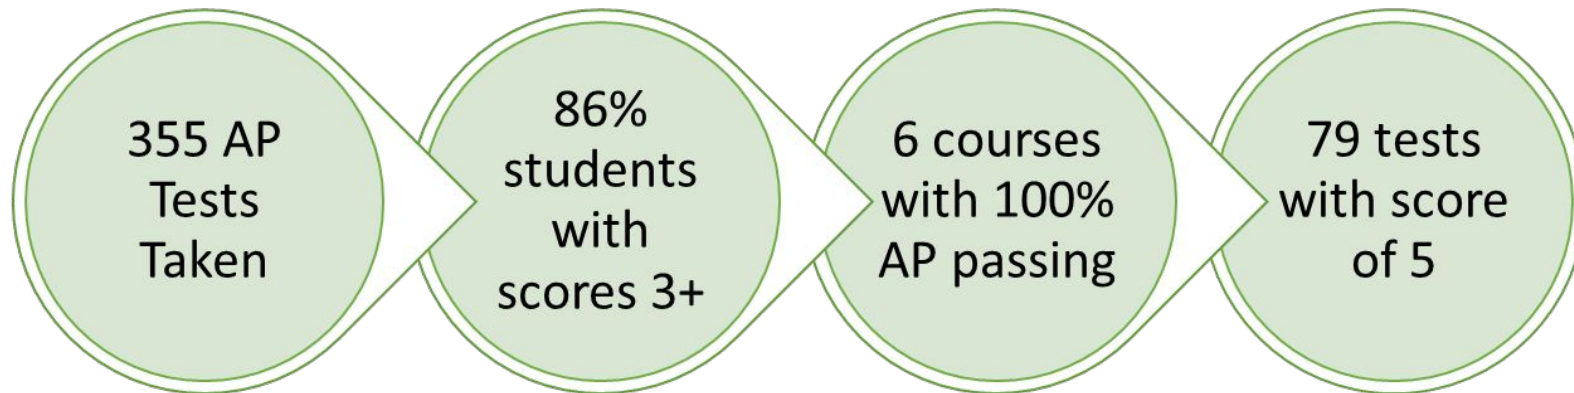

School	Accountability Information	Criterion-referenced target percentage	School accountability percentile
Manchester Essex Regional High School	Not requiring assistance or intervention	78%	87
Manchester Essex Regional Middle School	Not requiring assistance or intervention	69%	81
Essex Elementary	Not requiring assistance or intervention	21%	55
Manchester Memorial Elementary	Not requiring assistance or intervention	71%	94

Progress toward improvement targets: For a group to be considered to be meeting targets it must have a criterion-referenced target percentage of 75% or higher.

Advanced Placement

High School: Strengths

AP Exams

- 5% increase in scores of 3 or above (see appendix)

School Climate and Safety

- Students at MERHS feel safer and more positive about the school climate than across the state (see appendix)

Accountability

- Meeting or exceeding targets: 78% progress towards improvement targets

High School: Areas for Growth

Attendance

- Increase in absences and tardies over the year

Math MCAS

- Meeting/exceeding expectations decreased by 4%
- SGP dropped by 6% (see appendix)
- Results by standards (see appendix)

Action Steps:

- ❖ Attendance/tardy working group reviewing policies across districts
- ❖ Math staffing and schedule adjustments
- ❖ Formation of academic intervention programming
- ❖ Exploring innovative learning opportunities to push us forward - Learning Excursion to Casco Bay
- ❖ Examine opportunities for content area instructional support/reorganization of stipend funding

Middle School: Strengths

MCAS:

- Special Education & High Needs Subgroups Exceeded Targets
- Science: Exceeded targets in all subgroups. Consistent growth trend
- Accountability

Reading & Math

SEL/School Climate

- Vocal Data

Middle School: Areas for Growth

Chronic Absenteeism

- Lowest performing students scored a 0 out of 4 on attendance (*MCAS data*)

Reading: Informational Texts

Data: Types & Tools

Action Steps:

Tracking attendance of lowest performing students & meeting w/ families as needed.

Aligning reading comprehension strategies across Grade 6 classrooms.

Reading Across Disciplines initiative to strengthen reading comprehension in informational texts.

Track grade-specific data to identify a potential downward trend.

Use multiple measures of data to drive Tier 1 instructional approaches

Examine opportunities for content area instructional support/reorganization of stipend funding

Essex: Strengths

Overall SEL/Climate

Reading

- Knowledge & Ideas (Intermediate grades)
- Phonological awareness/phonics/high frequency words (primary grades)

Conceptual mathematical understandings

- Measurement and data
- Numbers and operations

Essex: Areas for Growth

Written Responses

- Garnered only $\frac{1}{3}$ of all points available for constructed responses, essays and production and distribution of writing across all grade levels

Vocabulary Development

Attendance

Growth/Meeting Set Targets

- Growth data from MCAS indicates less than 50% growth for a grade level

Action Steps:

- ❖ *Added specific goal to our School Improvement Plan*
- ❖ *Identifying expectations for mastery of writing standards across grade levels.*
- ❖ *Concentrating resources at point of need*
- ❖ *Increasing vocabulary exposure, “play”, morphology across disciplines*
- ❖ *Request budgeting/financial support to improve Tier 1 instruction (Professional Learning: Instructional Coaching)*

Memorial: Strengths

DESE School Accountability Rating increased over the past 5 years

- 94th Percentile (Highest in past 5 years)

Increased number of students exceeding expectations in ELA/MATH MCAS across all grades

- % of MMES Students Scoring “Exceeding Expectations” in MATH (Gr. 3-5) increased from ‘21-’22 to ‘22-’23 (+9%)
- % of MMES Students Scoring “Exceeding Expectations” in ELA (Gr. 3-5) increased from ‘21-’22 to ‘22-’23 (+2%)

MCAS: Grade 4 MATH: 80% of students Scored “Meeting” or “Exceeding” Expectations

- 41% Scored “Exceeding” Expectations

Spring 2023 i-Ready

- **Reading:** 86% of students in K-5 at or above grade level
- **Math:** 78% of students in K-5 at or above grade level

Memorial: Areas for Growth

MCAS: ELA Gr. 3-5 “Meeting/Exceeding” Expectations Decreased 11% from ‘21-’22 to ‘22-’23

MCAS Essay Writing - Gr. 3-5

- Ceiling is high for improvement in this area
 - Idea Development: 41% possible points earned
 - Conventions: 52% possible points earned
- State Differential is off trend: (AVG +10% v State Average)

Continual growth

- i-Ready Reading: (Fall ‘23): 57% of students in K-5 at or above grade level
- i-Ready Math: (Fall ‘23): 34% of students in K-5 at or above grade level

Action Steps:

- Curriculum Alignment to identify curriculum inconsistencies and best practices (district wide)
- NEASC - Sharing best practices/alignment to recognized accreditation standards
- Increased MyPath Implementation
- Literacy/Math Tier 1 Data-Driven conversations
- Request budgeting/financial support to improve Tier 1 instruction (Professional Learning: Instructional Coaching)

District: Strengths

School Climate & Safety: Vocal Data

High Performing Areas & Programs

District Data Systems

Advanced Placement Participation & Results

District: Areas for Growth

Effectiveness of Tier 1 Curriculum & Instruction: Consistency & Coherence

Opportunity Gap

- High Needs Student Group: disparity in MCAS performance
- Inconsistent performance across courses
- Supporting student needs: Intervention access (*Consistency & Data-Driven*)

Attendance

- Inconsistent attendance, high rates impact student access to academics

District Improvement Plan Next Steps

Strategic Initiative 1: Establish and foster an authentic Pre-K-12 learning environment.

- Build system of coherent standards-focused authentic learning experiences through vertical and horizontal alignment, curriculum articulation, and emphasis on meeting the needs of all learners
 - Curriculum Mapping
 - Department-Driven Work
 - Curriculum Review Processes
 - Program Reviews
- NEASC Elementary Review Process
- Differentiated Professional Learning Opportunities
 - Seek resources/fiscal support to enhance improvement of Tier 1 practices: Instructional Supports (Instructional Coaches, professional development, etc.)
- District data protocols
 - Ongoing assessment analysis and action planning to adjust instruction to support all learners in Tier 1 including replicating areas of success
 - Intervention: Ongoing development of data-driven MTSS systems & expansion to appropriate areas, grades

District Improvement Plan Next Steps

Strategic Initiative 2: Integrate social emotional learning into all aspects of the school day

- Analysis & action planning for impact of attendance on select students/populations
- SEL Program Audit
- Implementation of SEL Leadership Structure
- Integration of SEL into MTSS processes
- Family engagement opportunities
- Professional Learning: RULER

Strategic Initiative 3: Celebrate and nurture an inclusive and diverse school culture that recognizes the contributions and uniqueness of all individuals.

- Analysis & action planning for impact of attendance on select students/populations
- Program Reviews
- Integration Cultural Competency efforts across all aspects of educational programming
- Professional Learning: UDL

ELA: Student Growth Percentiles

No MCAS in 2020
No SGP in 3rd grade

A student growth percentile measures a student's progress on MCAS compared to the progress of other students with similar MCAS performance histories. SGPs range from 1 to 99, where higher numbers represent higher relative growth and lower numbers represent lower growth.

MCAS MATH Student Growth Percentile Trends

MERSD vs. State

Access to the Arts

The percentage of students who participate in an arts course. Arts courses include visual art, music, theater, dance, and general arts.

Our District

Massachusetts

Access to Digital Literacy and Computer Science Courses

The percentage of students who complete at least one digital literacy or computer science course.

Our District

Massachusetts

Advanced Coursework Completion

The percentage of 11th and 12th grade students completing at least one advanced course. Advanced courses include: Advanced Placement, International Baccalaureate, Project Lead the Way, dual enrollment for credit, approved vocational/technical cooperative programs, and other rigorous courses.

Our District

Massachusetts

Supporting Information

Views of Climate and Learning (VOCAL)

What is VOCAL?

"Views of Climate and Learning" (VOCAL) is an annual student survey sponsored by the Massachusetts Department of Elementary and Secondary Education (DESE). Students are asked to share their views on three dimensions of school climate: engagement, safety, and environment. Students in grades 4, 5, 8, and 10 were able to participate in the survey as part of the state MCAS administration in Spring 2023.

Why participate in VOCAL?

Over the last three decades, research has demonstrated that positive school climate supports learning and positive youth development. The survey gives Massachusetts students a voice and an opportunity to provide feedback to schools and districts, which can use the data to strengthen students' social and emotional well-being, health, safety, and academic learning. [READ MORE about why Safe & Supportive Schools Matter](#)

What does the survey measure?

VOCAL is based on the conceptual framework of the U.S. Department of Education's School Climate Surveys, which focuses on measuring students' perception of three dimensions of school climate: engagement, safety, and environment. Each of these three dimensions is in turn composed of three topics. Engagement constitutes the topics of cultural and linguistic competence, relationships, and participation in class and school life. Safety is comprised of the topics of emotional safety, physical safety, and bullying/cyber-bullying. Environment incorporates the topics of instructional environment, discipline environment, and mental health environment.

Views of Climate and Learning (VOCAL)

Click for link

Engagement (ENG)	Safety (SAF)	Environment (ENV)
Cultural Competence The extent students feel adults/students value diversity, manage dynamics of differences, and avoid stereotypes. Participation The extent students feel engaged intellectually, emotionally, and behaviorally in the classroom, and the extent that students or their parents are engaged in school life. Relationships The extent students feel there is a social connection and respect between staff/teachers and students, and between students and their peers.	Emotional Safety The extent students feel a bond to the school, and the extent adults/students support the emotional needs of students. Physical Safety The extent that students feel physically safe within the school environment. Bullying The extent that students report different types of bullying behaviors occurring in the school and the extent that school/staff/students try to counteract bullying.	Instructional Environment The extent that students feel the instructional environment is collaborative, relevant, challenging, and supportive of learning. Mental Health Environment The extent that students have access to support systems that effectively support their social, emotional, and mental health well-being. Discipline Environment The extent that discipline is fair, applied consistently and evenly, and a shared responsibility among staff, teachers, and students.

Attendance

Attendance Research/Data from Attendance Works:

- Research shows that missing 10 percent of the school, or about 18 days in most school districts, negatively affects a student's academic performance. That's just two days a month and that's known as chronic absence. [Read more](#)
- By 6th grade, chronic absence becomes a leading indicator that a student will drop out of high school. [Read more](#)
- Poor attendance can influence whether children read proficiently by the end of third grade or be held back. [Read more](#)
- When students improve their attendance rates, they improve their academic prospects and chances for graduating. [Read more](#)

Chronic absenteeism is defined as the percentage of students missing 10 percent or more of their days in membership. In a typical 180-day school year, this is the percentage of students who miss 18 or more days. To calculate the chronic absenteeism rate for a school or student group, DESE determines whether each student is or is not chronically absent based on the student's total number of days in attendance and their total number of days in membership, as reported by the district in the Student Information Management System (SIMS). The rate is reported as the percentage of students in the school or group who are chronically absent. The chronic absenteeism calculation includes both excused and unexcused absences.

Accountability

Progress toward improvement targets

Progress toward improvement targets is reported as the degree to which targets are met, using a criterion-referenced measure of performance. The criterion-referenced target percentage combines multiple years of data related to achievement, growth, high school completion, English learner (EL) progress, advanced coursework completion, and chronic absenteeism into a single number between 0 and 100. For a group to be meeting or exceeding targets, it must have a criterion-referenced target percentage of 75 percent or higher.

Substantial progress toward targets

A district or school is identified as making substantial progress toward targets if it has a criterion-referenced target percentage from 50 to 74 percent and has not otherwise been identified as requiring assistance or intervention due to low overall performance, low student group performance, low graduation rates, or low assessment participation.

Accountability percentile

An accountability percentile between 1 and 99 is reported for most schools. This number is an indication of the school's overall performance relative to other schools that administer similar assessments and is calculated using up to two years of data for all accountability indicators. Accountability percentiles are not calculated for districts, or for any school without sufficient achievement and growth data in English language arts (ELA) and mathematics.

Information from: <https://profiles.doe.mass.edu/statereport/accountability.aspx>

Student Growth: MCAS ELA and Mathematics

All districts, schools, and groups are expected to demonstrate progress in student achievement each year. The Department uses Student Growth Percentiles (SGPs) to measure how student-level achievement has grown or changed over time. Student growth percentiles are calculated separately by gradespan for ELA and mathematics and are not calculated for science. At the student level, the SGP represents how an individual student's achievement compares to that of other students with similar MCAS histories. At the school or student group level, DESE reports the mean SGP, which represents the average student growth percentile for that school or student group, using growth results for each student who was enrolled in the school as of October 1 of the same school year. For growth results to be reported, there must be SGP data for at least 20 students in each grade span.

MCAS Test Shifts

Year	Grades 3-8	Grade 10
2016	PARCC	Legacy MCAS
2017	Full Test: First year of Next Generation MCAS	Legacy MCAS
2018	Full Test: Next Generation MCAS	Legacy MCAS
2019	Full Test: Next Generation MCAS	Full Test Administered: First year of Next Generation MCAS Math & ELA, Legacy STE MCAS
2020	No Test Administered	No Test Administered
2021	Half Test Administered	Full Test Administered: Next Generation MCAS Math & ELA, Legacy STE MCAS
2022	Full Test Administered	Full Test Administered: First year of HS Science Next Generation Test
2023	Full Test Administered	Full Test Administered

i-Ready

i-Ready Diagnostic shows what students know, how much growth is needed to reach grade level expectations, and what students need to do next to get there. The Diagnostic:

- Gives every student an aspirational, attainable goal to reach grade-level standards
- Provides data that always informs teaching and learning
- Connects seamlessly to instructional resources that support the needs of all students

Prioritize Student Needs Using Data

i-Ready Diagnostic helps ensure educators have the data they need to target instruction where it's needed most. Educators can:

- Efficiently understand current strengths and instructional priorities
- Set goals and continually track growth
- Make decisions when state assessment data isn't available

The i-Ready Diagnostic meets our MA DESE mandated early literacy screener requirements. [Read More Here](#)

Advanced Placement

The Advanced Placement (AP) is a program in the United States and Canada created by the College Board offering college level curriculum and examinations to high school students.

The AP curriculum for the various subjects is created for the College Board by a panel of experts and college-level educators in each subject. For a high school course to have the AP designation, the course must be audited by the College Board to ascertain it satisfies the AP curriculum.

If the course is approved the school may use the AP designation and the course will be publicly listed on the AP Ledger.
