

## School Council Minutes

In attendance: Julie Sgroi, Melissa Even, Mary Buckley-Harmon, Gillian Polk, Ellen Ballock, Joanna Shan

### 2:30-3:13 - Discussion of Academic Integrity

A definition could help us frame how we can support students and frame discussion around AI.

Due to time constraints we want to add a definition this year. Next year we want to look at the policy more closely next year.

In the current policy, the consequences were added in recent years.

Edited our definition of "Academic Integrity" for consideration for the student handbook.

Discussed next steps - Julie will bring definition to department chairs, teachers for review before bringing to school committee for approval.

### 3:13 - Discussion for next time

Shared this year's improvement plan for reference. Before the next meeting, new improvement plan will be drafted with input from the School Council. We will discuss both plans at the next meeting.

### 3:23 - Adjournment
